

Facility management

The Facility management allows health centers to indicate which facility locations are near Public Housing per reporting requirements or School-based per the HRSA reporting requirements. The page provides a list of your health center's locations.

All health centers are to report all patients seen at a service delivery site located in or immediately accessible to public housing, regardless of whether the patients are public housing residents or the health center receives funding under section 330(i) (PHPC). This page is for you to indicate which of your locations are located near Public Housing facilities. Patients seen at this facility will count toward Table 4, line 26.

See <https://nchph.org/health-centers-accessible-to-phas/> for more information from The National Center for Health in Public Housing.

It displays the following information:

- **Facility name:** refers to the service site's name from the health center's source system.
- **Address:** refers to the service site's address as listed in the health center's source system.
- **Modified by:** refers to the last user who changed the patient exclusion. It will show "System_ETL" if it's never been edited.
- **Modified on:** refers to when the last user changed the patient exclusion. It will show "System_ETL" if it's never been edited.
- **Source system status:** either active or inactive
- **Public housing:** refers to whether the facility is active as a Public housing facility.
- **UDS+:** refers to whether the facility is both FQHC and Non-FQHC facilities.
- **School-based:** refers to whether the facility is active as a School-based facility.

To access:

1. Navigate to the **Admin settings** page.
2. Locate **Value set mapping** in the navigation menu.
3. Click **Facility management**.
4. This opens the **Facility management** page.

The **See history** link goes to the **Admin changes** audit log. Use this to view any changes to **Facilities near public housing**.

Facility management toggles

The Facilities management page contains several toggles that perform different functions. The default for the toggles is off. Click the toggles “on” to view the applicable facility type.

These are:

- Use the **Public housing only** toggle to display the already associated (turned on) Public housing facilities.
- Use the **UDS+ only** toggle to display those facilities with FQHC and Non-FQHC facilities.
- Use the **School-based service site only** toggle to display the already associated (turned on) School-based service sites.
- Turn on the **Active** toggle to display only the active service sites. Refer to [Toggles](#) for more information about toggles.

Search by

The Search by text box allows users to locate a test patient exclusion quickly.

Search by the **facility name**.

Updating a facility

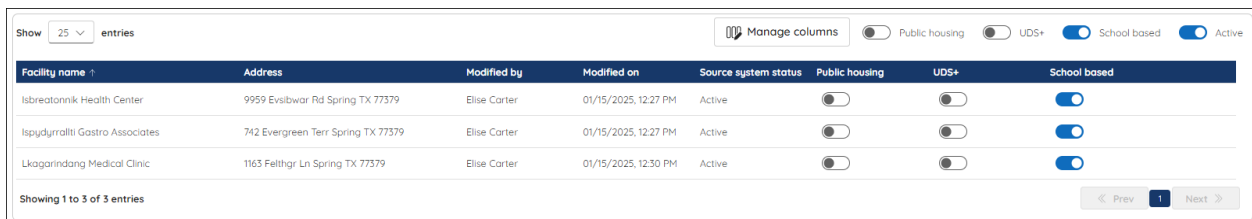

Facility management lets users associate your health center facilities/service sites with a specific type(s) for reporting purposes. Use the toggle switches to turn on/associate or turn off/remove types.

To associate a facility type:

1. Navigate to **Facilities management**.
2. Use the **Search** text box to locate the Facility name.
3. Click the toggle(s) to indicate the facility's specific type(s). Choose one or more of the following:
 - **Public Housing**
 - **UDS+**
 - **School-based**

Important Note: Once the toggle is turned on (clicked), the display list updates and the facility is associated with the selected type, i.e., Public Housing, UDS+, or School-based. To verify the selection, click the Facility type's toggle.

4. The display list automatically updates.

The screenshot shows a web interface for managing facilities. At the top, there is a search bar with '25 entries' and a 'Manage columns' button. Below the search bar are three toggle switches: 'Public housing' (off), 'UDS+' (off), and 'School based' (on). Below the toggles is a table with the following columns: Facility name, Address, Modified by, Modified on, Source system status, Public housing, UDS+, and School based. The table contains three rows of data:

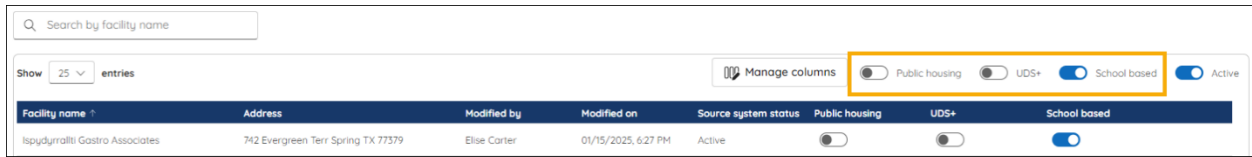

Facility name	Address	Modified by	Modified on	Source system status	Public housing	UDS+	School based
Isbreatonik Health Center	9959 Evsilbwar Rd Spring TX 77379	Elise Carter	01/15/2025, 12:27 PM	Active	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Ispdyrallti Gastro Associates	742 Evergreen Terr Spring TX 77379	Elise Carter	01/15/2025, 12:27 PM	Active	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Lkagarindang Medical Clinic	1165 Felthgr Ln Spring TX 77379	Elise Carter	01/15/2025, 12:30 PM	Active	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

At the bottom of the table, it says 'Showing 1 to 3 of 3 entries' and there are navigation buttons for 'Prev', '1', and 'Next'.

To remove a facility type:

1. Navigate to **Facilities management**.
2. Click either the **Public Housing, UDS+, or School-based only** toggle to locate the facility to edit.

3. Or, use the **Search** text box to locate the Facility name.

4. Locate the facility to edit.

5. Click the specific type's toggle to turn it off. Choose one or more of the following:

- **Public Housing**
- **UDS+**
- **School-based**

6. The display list automatically updates.
